MAKE AN INVALUABLE ADDITION TO YOUR COLLECTION

Add to your collection by adding to your knowledge. Find out who's selling the coins you need. Who's buying the coins you'd like to sell. Who's going into business. Who's publishing new books you'd like to own.

Coin World brings you more than 100 pages of the latest coin news and events each week. Up-to-date, timely, informative, as only a weekly publication can be.

Read about what's going on inside the U.S. Mint. What the latest word in grading is. What happened yesterday in the world of coins. What to expect tomorrow.

Learn how to simplify your records. How to really understand the grading system. How to create an enjoyable family hobby with coins. How to spot counterfeits.

Coin World not only keeps you informed of the latest happenings, each copy serves as a valuable reference guide.

Fill out the coupon below and you can receive Coin World mailed to you each week at a special introductory rate. It's just $5.95 for the next 33 weeks, a savings of more than $10 from the newsstand price. Or you can double your savings and enjoy 66 weeks of Coin World for only $11.90.

You'll find current gold and silver prices, the U.S. Mint report, auction news, calendars of coming events. Collector's Clearinghouse, editorials, letters, Numis-Mysteries, and the special Numismatic Scrapbook and World Coins sections on North American and international coins.

Subscribe today and add the knowledge and enjoyment you'll receive from Coin World to your collection.

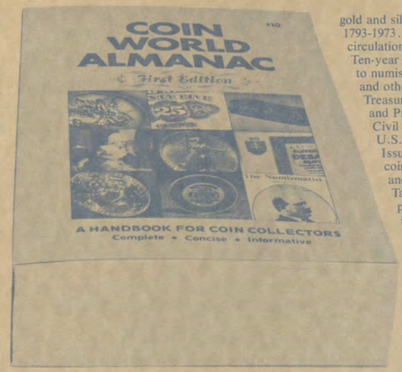
From the editors of Coin World...

This book can tell you more about money than any numismatic expert in the world.

Announcing the Coin World Almanac—the most authoritative and comprehensive numismatic reference ever published.



At last, there is a complete and concise reference for coin collectors. A reference so thorough that it enables you to quickly and easily find literally thousands of facts about the world's coins and paper money. Facts that virtually no expert in the world could supply without this very book.

The Coin World Almanac

The reference is called the Coin World Almanac. And, of all the numismatic references, it may well be the single most important volume ever published.

Ten Years of Research

Compiled and edited by the editors of Coin World, the world's largest numismatic publication, the Coin World Almanac is the product of ten years of diligent research. In its 834 pages and 23 chapters, the editors have published the data they feel most vital to studying, collecting and investing in the coins of the world.

What You'll Find in the Almanac

So all encompassing is the information in the Coin World Almanac that you'll find broad general information, basic to numismatics, and specific, detailed information that can answer even the most obscure questions on the history, regulation, minting, printing, prices, and collecting of the coins and paper money of the United States and more than 100 foreign countries.

In the Coin World Almanac, you find general information on... How coins are made... The difference between proof and uncirculated coins... How to detect counterfeit coins and bills... Numismatic terms and abbreviations... Error definitions ... How to protect your collection... How coins are graded ... Foreign grading... Auction procedures and bidding... How coins become rare... The world's rarest, largest, smallest and most beautiful coins... Mint marks... Mailing coins... Domestic and international postage rates... How paper money is printed... The use of tokens... Commemorative coins of the world... Coins as an investment... Ancient coins... Record sale prices... Colonial and early American coins... and Confederate money.

And, you'll find detailed, chronological information on ... Gold and silver prices on international markets... World gold and silver production... Mintage figures of U.S. coins, 1793-1973... Mintage figures of proof coins, 1817-1973... Money in circulation... World coins of low mintage, 20-year report... Ten-year free world mint report... The text of U.S. laws relating to numismatics... The organization, history, services, officials and other data on the U.S. Mint, the Department of the Treasury, Federal Reserve Bank, and the Bureau of Engraving and Printing... A catalog of U.S. large-size paper money... Civil War Tokens... Hard times tokens... Coins used in the U.S. before 1796... Commemorative coins of the U.S.... Issue dates, designers, engravers and models for U.S. coins and paper money... Numismatic reference works and publications... Fakes, forgeries, and counterfeits... Taxes and coins... and Price trends of U.S. coins and paper money, Canadian and Israeli coins, world proof sets, and world commemorative coins.

Never before has such information, vital to beginning and experienced collectors, been researched, compiled, and published in a single, easy-to-use volume.

It enables you to find in a moment, answers to questions that would normally require hours of research in numerous volumes. If, indeed, you were able to identify, locate, and acquire the original source material at all.

The Latest Information Obtainable

Future editions of the Coin World Almanac will be published, complete with the most up-to-date information on mint production, legislative actions, price trends, new issues, and other numismatic developments.

It will insure that every edition will be in itself, like the first, the single most comprehensive and up-to-date numismatic reference available.

Limited First Edition

Because of the specialized nature of the Coin World Almanac, it will not be available through ordinary bookstores.

Copies of the First Edition are available now, from a limited first printing, from leading coin dealers at $10 each. Or, you can order your copy direct from the publisher through the coupon below with a guarantee of complete satisfaction.

Order today to be sure of receiving your copy of this important work from the available supply of First Edition volumes.

Coin World Almanac
911 Vandemark Road, P.O. Box 150, Sidney, Ohio 45365

☐ **yes** Please send me ____ copy(ies) of the First Edition of the 23-chapter, 834-page, Coin World Almanac at $10 each. I understand that, if for any reason I am not completely pleased with the volume, I may return it for a prompt refund. I enclose my payment. Ohio residents, please add 4½% sales tax.
